

Magic furniture

NOMIland

CATALOGUE
2011

"...WHO WOULD OBJECT TO LIVING IN THE LAND OF **MIRACLES** ?!"

*Magic furniture was designed just to
fulfil this wish.*

*Furniture creates pleasant and safe environment in which a child spent its free
time by developing his/her skills, knowledge, and fantasy.*

Our Magic Furniture meets the needs of both children and adults:

- its coloured and playful design speaks for all children
- its endless flexibility and variability delights all adults

*According to your wish it is possible to build variable cabinet sets thanks to manifold vari-
ants of pieces of furniture.*

How to easily make your own fantasy furniture?

- choose the cabinet type from the offered assortment...
- then choose the cabinet doors - drawers - containers - shelves - benches
(belonging to the chosen cabinet type)...
- choose the colour of furniture pieces and groove motives that are
pleasing to your eyes.

**In this way you will be able to design manifold gorgeous furniture sets
according to your wish and fantasy.**

*In our offer you will definitely find and choose what is necessary and pleasing to
your eyes and heart. By using a number of furniture pieces in six colours, take the op-
portunity to make your own coloured sets. If this is followed by selection from 50 different
groove motives, you will brighten every children's space. Groove motives will add your
furniture a unique design with a 3D effect.*

*The furniture design allows its being widely used in preschool and school institu-
tions and also provides children's rooms with lovely furnishings full of fantasy.*

For a number of years the Company **Nomiland** distributes didactic tools, aids for arts, sport, music, and furniture directly to kindergartens.

Following our experience, personal visits, and expert studies we have found out that one of the most crucial factors contributing to the positive development of a child is their local environment.

That's why we designed Magic Furniture with groove motives which creates 3D effect. It brings peace, ensuring safety, and provides space for creative imagination of a child.

Let's create an environment together, in which our children will feel comfortable and safe, accompanied by "Magic Furniture".

...the furniture that will light up the eyes of children and adults !

CABINETS K"

The block number refers to a furniture piece suitable for the given cabinet block.

K12

Cabinet K12

For particular cabinet blocks it is possible to order doors, drawers, or dividing shelves from the following page.
Dimension: 40 x 40 x 86 cm.

Illustrative photo

Illustrative photo

K13

Cabinet K13

For particular cabinet blocks it is possible to order doors, drawers, or dividing shelves from the following page.
Dimension: 40 x 40 x 126 cm.

Illustrative photo

K14

Cabinet K14

For particular cabinet blocks it is possible to order doors, drawers, or dividing shelves from the following page.
Dimension: 40 x 40 x 165 cm.

Take our offer of already designed cabinets on pages 38 - 45

All cabinets have a cutout for skirting.

A dividing shelf PO1, separating the cabinet block into two identical spaces, can be placed in the middle of each cabinet block of K12, K13, K14, K21. You can order it from the following page.

Illustrative photo

Illustrative photo

K21

Cabinet K21

For particular cabinet blocks it is possible to order doors (installation only against each other), drawers, or dividing shelves from the following page.
Dimension: 78 x 40 x 47 cm.

Furniture pieces for cabinets are ordered separately, which from the viewpoint of functionality, colouring, and groove motives, allows a high variability of cabinet forming.
You can order them from the following page.

POSSIBLE APPLICATIONS OF FURNITURE PIECES.

The number next to cabinet doors, drawers, and a dividing shelf determines to which cabinet block these can be applied.

1-block door
1 block = 1 door

Door with an opening
1 block = 1 door

For the cabinets K12, K13, and K14 it is possible to install all doors with the left or right hinges.

2-block door
2 blocks = 1 door

Large drawer
1 block = 1 large drawer

Small drawer
1 block = 2 small drawers

For the cabinet K21 it is possible to install all doors only against each other.

2 x small drawers = 1 large drawer

From the safety point of view it is possible to use drawers only for the bottom 2 blocks (1, 1a, 2).

Dividing shelf
1 block = 1 shelf

FURNITURE PIECES FOR CABINETS K12, K13, K14, AND K21

Foil MDF doors and drawers with 3D groove motives.
The foils applied to all doors and drawers are of high quality, abrasion resistant and washable.

All cabinet doors from the Magic furniture **are equipped with a noiseless closing mechanism.**
This enables the furniture to fulfil an important safety function when being handled by small children and prevents the furniture from being damaged by harsh treatment.

**SILENT
AND SAFE**

PLASTIC TABLES

They are manufactured from high quality materials, which guarantee resistance and long life of the tables. In addition, the table boards are enforced by a metal construction that increases their strength. Rounded edges are a mark of children's safety.

Table legs are metal and include footings used for height adjustment.

We offer a wide range of tables in different shapes and in 4 pastel colours, which you can combine together to create your own work table sets – some ideas of sets are shown in Set examples.

WHY TO CHOOSE THE MAGIC FURNITURE?

With its quality and functionality the Magic Furniture brings a brand new dimension in the possibilities of using furniture for children. Its inimitability comes from the combination of:

1. **Quality** = using high quality materials, furniture foils, 2 mm thick ABS edgings, top equipment used for manufacturing of the furniture and furniture elements...
2. **Uniqueness** = pastel coating foil colours appealing to children; unconventional handles; motives of various themes creating the 3D effect on the cabinet; tables, chairs, desks, book shelves, sofas of matching colours...
3. **Design** = using hidden joints (excentres), i.e. the components are not visible on the outside. Timeless look of the sofas.
4. **Variability** = the same cabinet can be used with drawers, doors or just shelves. Selection from 6 colours and a number of groove motives offers the possibility to compose furniture sets according to your own imagination. Different sizes and types of cabinets, wardrobes, decorations, sofas, tables, chairs and others...
5. **Functionality** = the furniture serves the needs of children, parents as well as teachers. It is designed for wide usage in pre-school and school facilities, but it can also be used to create whole children's rooms full of fantasy. It serves for storage of any objects, for presentation of children's works of art, for playing, for work etc...
6. **Motives with 3D effect** = the equipment used for manufacturing creates groove motives, which give each furniture element a touch of plasticity and playfulness.
7. **Safety** = all doors come with the silent close system, the drawers contain protection against slipping out, cabinets and wardrobes are protected against scratching of the floor. The chairs are ergonomically shaped to ensure healthy growth of a child's spine.
8. **Complete assortment** = the „Magic furniture“ offer includes the whole assortment for room furnishing: Cabinets, Wardrobes, Decorations, Tables, Chairs, Writing desks, Book shelves, Beds and mattresses, Sofas and tabourets...

GLOSSARY:

MDF board

- full-valued substitution for solid wood. MDF is a medium hard compressed wood-fibre board with almost homogenous structure and good workability. The MDF board coated with foil is used for manufacturing doors, drawer fronts, container fronts and wall decorations. The „Magic Furniture“ elements are manufactured from 18 mm MDF boards.

Foil

- we are using high quality furniture foils from renowned manufacturers. Their properties include: abrasion resistance, strength, easy cleaning, since the foil is washable.

Groove milling

- groove milling is used to create motives on the MDF boards. For this activity we are using mechanisms (CNC milling machines) which are able to shift our ideas into the shape of a finished product.

“Silent close” doors

- all doors on the “Magic Furniture” are equipped with the silent close system. The door hinges contain a built-in slowing damper, thanks to which the furniture meets high safety requirements when handled by even the smallest children. Thanks to this method the furniture is not damaged even when being closed harshly.

ABS edging

- ABS edges are used for manufacturing tables, cabinets, shelves and other furniture elements as a tasteful and functional ending. They are made of plastic, health and hygiene friendly, resistant to dirt and grease, water resistant, colourfast and have great impact strength. High quality 2 mm thick ABS edges are used for manufacturing of the “Magic Furniture”.

...the furniture that lights up the eyes of both children and adults!

SAFETY

All our products are designed
to be used by children
and accordingly in compliance
with all safety standards.

GENERAL TERMS AND CONDITIONS OF SALE AND SERVICE

All deliveries, products and services are carried out according to the general terms and conditions as set below. Any condition change has to be confirmed in written form from the side of seller.

If the customer send the order form, it is considered to be an acceptance of Nomiland s.r.o. terms and conditions. The Order form is considered to be the "Contract for the supply of goods" between consignee (customer) and sender (seller).

§ 1 Order acceptance

Sent order form is not valid until a proper order confirmation has been received by customer.

§ 2 Prices

- a) All prices are valid till the validity of catalogue. All additional changes have to be reported in writing.
- b) Prices are ex-work from the place of our warehouse. Packaging costs are included in the prices in price list. On publication of actual price list, all previous price lists are rendered invalid.
- c) Prices don t include delivery costs.
- d) The minimum value for an order is 300 € net.

§ 3 Conditions of payment

- a) Goods preparation will be made only after prepayment to our bank account.
- b) All bank charges arising from foreign transfers have to be paid by customer. Our company may not incur additional costs related to the transfers from the customer.
- c) Customer will be notified in written form in case of any change in conditions of payment.
- d) In the case of longer cooperation, conditions of payment can be adapted to customer - on the basis of the written decision.
- e) From a net order value of:

- above 2 000 €, we grant a discount of 3%
- above 5 000 €, we grant a discount of 5%
- above 10 000 €, we grant a discount of 10%

§ 4 Delivery

- a) The goods are packed in the manner regarded as standard in the trade. Despatch of goods is ex-works or directly from stock. Transport is at the expense and risks of the consignee, including such consignments where carriage and duties are prepaid by the consignor. In case the consignor has arranged the transport, occurred transport costs will be charged additionally to the consignee.
- b) Without further specific instructions regarding despatch, transport will be effected, without obligation, by the cheapest estimated means.
- c) The liability for the goods and transport become the liability of the consignee at the moment of the consignment leaving our warehouse.
- d) On the occurrence of any obstacle to delivery caused by the customer, this party must bear all of the costs which have arisen and may subsequently arise.
- e) If the seller is forced to part delivery in any unspecified case, he has to inform the customer immediately and after mutual agreement he has the right to make partial deliveries.

f) As a basic principle, prospective delivery dates indicated by the seller are non-binding, unless a specific date has been expressly guaranteed by the seller. The seller's obligation to deliver is conditional on the seller production possibilities in good time, or on the stock.

§ 5 Withdraw from the contract

- a) The customer can withdraw from the contract due to the fact that he has no further interest in accepting delivery and the goods was not sent, yet.
- b) In case of unavoidable cause and customer won t be able to buy ordered goods, he has to inform our company as soon as possible in written form. After accepting the requirement the contract will be canceled.

§ 6 Liability for defects and warranty

- a) Obvious defects must be registered in writing within 7 working days of delivery to the consignor. Any subsequent claims against warranty relating to obvious defects can no longer be considered after this time.
- b) In other cases of defects made during production, we provide quarantees according to the following standards: we provide 1 year warranty period from delivery. Damaged item can be replaced by the new one or repaired at our expense, or compensation can be given. Documentation has to be provided both sides in written form. At the request of the seller, the items delivered in question must be returned to the seller, free of any freight charge.
- c) Color variations, which don t cause any function defects of the products cannot be subject to claims.
- d) The seller is responsible just for the defects made during production. We don t accept the claims regarding damage which was made by improper use, maintenance of our goods or negligence.

§ 7 Reservation of ownership

- a) We reserve the right to alter the given dimensions and colours of our goods and to make technical improvements to them in case they won t affect the general nature and functionality of products.
- b) We accept no responsibility for any consequences due to improper use of our goods.
- c) We reserve the right to misprint in our printed catalogue.
- d) We reserve the right to change our general terms and conditions during catalogue validity. Changes will be valid after proper advertisement in written form.
- e) All goods remain our property untill full payment has been made.

§ 8 Place of jurisdiction

The place of jurisdiction in the case of any complaint is the seat of our concern.

Unless otherwise agreed, the above-mentioned general terms and conditions are valid.

IMPORTANT INFORMATION

HOW TO CONTACT US

Company address:: NOMiland, s.r.o
Magnezitárska 11
040 13 Košice, Slovak Republic
Europe

E-mail: sale@nomiland.eu
Website: www.nomiland.sk
www.nomiland.cz
www.kindergartenmagic.eu

HOW TO ORDER

- a) by e-mail
- b) by faxing
- c) by mail
- it is recommended to send your order by e-mail
- it is recommended to use the order form
- the order comes into effect after receiving an order confirmation e-mail

HOW TO PICK UP THE GOODS

The warehouse address differs from that of the head office. After establishing a written contact, we will provide you with necessary information regarding the warehouse address and contact, as well as the time of picking up.

Providing the goods are supplied by our company, transport charges are to be covered by the receiver, who is informed about the transport charges in advance and, if the charges are agreed, we will distribute the goods.
